Fey to Run for Governor, ANA

Morris Plains, NJ-January 17, 2004— “Michael S. Fey announced his [intention to run for the ANA Board of Governors](#) at the FUN show last week.

This is Fey’s second attempt to gain a seat on the Board. His past bid to the ANA Board of Governors in 2002 fell short only 29 votes out of 4260, making him an alternative in the event another Board member would have been unable to continue in that capacity.

Many know Fey as co-author, *Top 100 Morgan Dollar Varieties: The VAM Keys* and perhaps through his quarterly newsletter *Top 100 Insights & Value Guide*. Others know him as President of Rare Coin Investments (RCI) and Vice President of the Society of Silver Dollar Collectors. He belongs to more than a dozen numismatic organizations around the country and has been an avid collector of various U.S. coin types as well as foreign coins, tokens and medals. Fey is credited with discovering and published on dozens of Morgan & Peace dollar varieties, as well as Indian cents, Barber and Seated coinage. He was a recipient of the *Glenn Smedley Award* in 2001 and the *President's Award* from the American Numismatic Association in 2004.

Fey's background includes Board experience with both *for-profit* and *not-for-profit* companies including such positions as Chairman of the Board. He directed several successful companies as President, and now manages a successful coin business. He earned a Doctorate degree from Cornell University, and served as a U.S. Army Officer during the Vietnam War era.

When questioned about why he wanted to run again for the Board, Fey replied "The bottom line is that I simply love collecting and relish the wonderful relationships I've made through this fine hobby. I would now like to offer my collective business and numismatic experience to the ANA to build a better future for our hobby."
