

## Fey to Run for Governor, ANA

**Morris Plains, NJ-December 24, 2002** — “This is to announce My intention to run for the ANA Board of Governors and to introduce you to my background, experience, and plans to serve.

Many of you know me as co-author, Top 100 Morgan Dollar Varieties: The VAM Keys and perhaps through my quarterly newsletter Top 100 Insights & Value Guide. Others know me as President of the New Jersey Numismatic Society. I belong to more than a dozen other numismatic organizations around the country and have been an avid collector of various U.S. coin types as well as foreign coins, tokens and medals. I’ve discovered and published on dozens of Morgan & Peace dollar varieties, as well as Indian cents, Barber and Seated coinage.

My background includes Board experience with both for-profit and not-for-profit companies including such positions as chairman of the board. I directed several successful companies as President, and now manage a successful coin business. I earned my Doctorate degree from Cornell University, and served as a U.S. Army Officer during the Vietnam War era.

I believe I can make important contributions to the ANA. If elected, I plan to:

1. provide all ANA Members with more value for their membership dollar;
2. significantly increase the numbers of ANA members by establishing strategic marketing relationships with both the public and private sector;
3. expand ANA’s role in ANA member protection.

You will hear more about how I plan to achieve these objectives in the coming months.

The bottom line is that I simply love collecting and relish the wonderful relationships I’ve made through this fine hobby. I would now like to offer my collective business and numismatic experience to the ANA to build a better future for our hobby.”
